| 7 | 7-43 | Health and medical care expenses | Υ | Changed the title and bullet to match the new term |
| 7 | 7-43 | 2/14/23 FR Notice adds language on privacy | Y | This language comes directly from the 2/14/23 FR Notice: HUD reminds responsible entities that they must comply with the Health Insurance Portability and Accountability Act (HIPAA) (Pub. L. 104-191, 110 Stat. 1936) and the Privacy Act of 1974 (Pub. L. 93-579, 88 Stat. 1896) when requesting documentation to determine eligibility for a financial hardship exemption for unreimbursed health and medical care expenses. Responsible entities may not request documentation beyond what is sufficient to determine anticipated health and medical care and/or reasonable attendant care and auxiliary apparatus costs or when a change in circumstances took place. Before placing bills and documentation in the tenant file, the responsible entity must redact all personally identifiable information. Responsible entities must also comply with all Federal nondiscrimination and civil rights statutes and requirements, including, but not limited to, the Fair Housing Act, Title VI of the Civil Rights Act, Section 504, and the Americans with Disabilities Act, as applicable. Among other obligations, this includes providing for reasonable accommodations that may be necessary for persons with disabilities. |

Reasons behind policy decisions: If PHAs do not conduct an interim for any increases in earned income between annuals, then the PHA will not need to consider whether an interim was conducted since the last annual when the family reports an increase in earned income. This is much easier on staff so they don't have to resort to the flow chart. Since the threshold amount is a percentage, all changes are reported since the family may not be able to calculate the 10%. The family reports and then the PHA calculates and decides if they are going to perform an interim. HOTMA doesn't require this. The PHA can have the family only report if there's been a change that meets the threshold, but that seems burdensome on the family. 9 9-24 Interim reporting requirements Y PHAs used to have discretion now it's in the regulations Interimental PHA calculates and No policy decisions | | | using past income | | |
