# HCV Specialist Day 3: Rent Calculation

## Learning Outcomes

- Understand the purpose of the Form-50058 and the 50058 Instruction Booklet
- Review the Form HUD-50058

### **Form HUD 50058**

- New Form HUD 50058 issued in October 2023
- Updating for HOTMA
- Instruction booklet has not yet been released
- PHA may not begin using the form until 1/1/24 or later

### **Converting Income**

- The PHA must convert all income to an annual figure on the 50058
  - Multiply weekly wages by 52
  - Multiply bi-weekly wages by 26
  - Multiply semi-monthly wages by 24
  - Multiply monthly wages by 12

## Rounding

- Only whole dollar amounts are entered on the 50058
- Round down if less than 50 cents
  - **\$6.29 x 2080 = \$13,083.20 = \$13,083**
- Round up if 50 cents or more
  - **\$6.31 x 2080 = \$13,124.80 = \$13,125**
- Only enter whole dollar amounts on 50058

11

## nma

# Converting Percentages to Decimals

- Move decimal two places to left and drop % sign
  - **2.5%** = .025
  - **2**% = .02

## Learning Outcomes

- Define annual income
- Differentiate how income is treated for different household member and what is included and excluded
- Calculate income for students
- Identify how to calculate different types of income and impute welfare income

### **Definition: Annual Income**

- HOTMA extensively revised definition of annual income
- Regulation lists income that is excluded
  - Previous version of the regulation listed both inclusions and exclusions
  - All income is included unless specifically excluded

#### § 5.609 Annual income.

(a) Annual income includes, with respect to the family:

(1) All amounts, not specifically excluded in paragraph (b) of this section, received from all sources by each member of the family who is 18 years of age or older or is the head of household or spouse of the head of household, plus unearned income by or on behalf of each dependent who is under 18 years of age, and

(b) Annual income does not include the following:

### **Definition: Earned Income**

 Earned income means income or earnings from wages, tips, salaries, other employee compensation, and net income from selfemployment

### **Definition: Unearned Income**

- Unearned income means any annual income calculated under that regulations that is not earned income
  - Includes any pension or annuity, transfer payments (meaning payments made or income received in which no goods or services are being paid for, such as welfare, social security, and governmental subsidies for certain benefits), or any cash or in-kind benefits

### **Calculating Income**

- The methodology used for calculating annual income differs depending on whether income is being calculated at:
  - Initial occupancy/assistance
  - Interim reexam
  - Annual reexam

## **Calculating Income**

 When calculating income at the time of admission to the program or during interim reexams, PHAs must use anticipated income (current income) (i.e., the family's estimated income for the upcoming 12-month period)

## **Calculating Income**

- When calculating income at an annual reexam, the PHA uses the family's income for the previous 12-month period, but must make adjustments to reflect current income
- More on how to calculate income tomorrow

## Income of Various Household Members

Summary of file	ome Included and Excluded by Person
Live-in aides	Income from all sources (both earned and unearned) is excluded [24 CFR 5.609(b)(8)].
Foster child or foster adult	Income from all sources (both earned and unearned) is excluded [24 CFR 5.609(b)(8)].
Head, spouse, or cohead Other adult family members	All sources of income not specifically excluded by the regulations are included [24 CFR 5.609(a)].
Children under 18 years of age	Earned income is excluded [24 CFR 5.609(b)(3)].  All other sources of unearned income, except those specifically excluded by the regulations, are included [24 CFR 5.609(a)].
Full-time students 18 years of age or older (not head, spouse, or cohead)	Earned income in excess of the dependent deduction is excluded [24 CFR 5.609(b)(14)]. All other sources of unearned income, except those specifically excluded by the regulations, are included.

Regulations no longer include reference to temporarily absent family members.

### **Minors**

- Exclude employment income of children under 18
- Include all unearned income
  - Except those amounts specifically excluded by regulations
- Include assets and asset income in net family assets

### **Example**

- Amanda Allen (age 16) is a high school student who lives with her parents
- She works part-time after school earning \$15,000 per year
- She receives \$3,500 in SSI per year
- She has a non-interestbearing checking account

## **Example**

- Since Amanda is a minor, the PHA will:
  - Exclude the full amount of employment income
  - Include unearned income from SSI
  - Consider her checking account when determining net family assets

### **Full-Time Students**

- Exclude earned income of a dependent full-time student in excess of the dependent deduction
  - Will adjust annually for inflation
  - Currently \$480
- Head, spouse, cohead are never considered fulltime students

### **Full-Time Students**

- Include all unearned income
  - Except those amounts specifically excluded by regulations
- Include assets and asset income in net family assets
- If the head, spouse, or cohead attends school full time, include all earned income

### **Full-Time Students**

- How does HUD define "full-time" student?
  - 24 CFR 5.603 states: A family member who attends school or vocational training on a full-time basis
- Therefore, to be considered full-time, a student must be considered full-time by an educational institution with a degree or certificate program

31

### **Example**

- Miriam Leslie (age 22) lives with her parents and is a full-time student
- She earns \$4,000 per year at her part-time job
- She receives \$3,500 in SSI per year
- She has a checking account

### **Example**

- Since she is a dependent full-time student, the PHA will:
  - Include the first \$480 of her wages
  - Exclude the amount in excess of \$480 of her wages
  - Include all income from SSI
  - Her checking account is considered when determining net family assets

# Temporarily Absent Family Members

- Regulations state that children who are temporarily absent due to placement in foster care continue to be counted as family members
- However, the regulations do not address any other type of temporarily absent family members

# Temporarily Absent Family Members

- Since the regulations state to count all income unless it's specifically excluded, the PHA includes the income of temporarily absent family members
- The PHA should define temporarily absent in PHA policy since the regulations do not
  - For example, a family member who is working in another state on a temporary assignment

## Temporarily Absent Family Members

 Once a family member is considered permanently absent, they are removed from the family composition and their income is not counted

### Live-In Aides

- Both earned and unearned income is fully excluded
- Live-in aides are household members, not family members
- Ineligible for any deductions

# Foster Children and Foster Adults

- Exclude payments received by the family
- Exclude income of foster children and adults
  - Both earned and unearned
- Household members, not family members

### **Kinship Care Exclusion**

- "Kinship care" payments are excluded
  - State programs, sometimes called "Kin-GAP"
- Kin-GAP and "similar payments" are excluded as the equivalent of foster care payments

### **Definition: Earned Income**

 Earned income means income or earnings from wages, tips, salaries, other employee compensation, and net income from selfemployment

### **Earned Income**

- Include in annual income the earned income of:
  - Each member of the family who is 18 years of age or older
  - Or who is the head of household or spouse or cohead regardless of age

### **Employment Income**

- Full amount, prior to payroll deductions
- Includes overtime, commissions, fees, tips, bonuses

## nmo

## **Projecting Employment Income**

- At initial occupancy and for any interim, the PHA is required to estimate the income of the family for the upcoming 12-month period
- Income calculation for an annual reexam differs and will be discussed in a later chapter on conducting annuals

## **Projecting Employment Income**

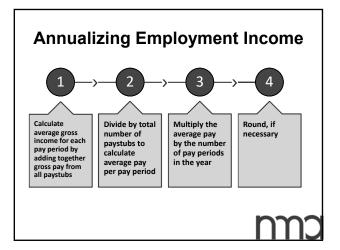

- When pay stubs are used to calculate income, the PHA must collect a minimum of 2 current, consecutive paystubs dated within 120 days of receipt by the PHA
  - PHA must have a written policy on the number of paystubs required
  - All staff must apply policy consistently

## **Annualizing Employment Income**

- HUD does not address how income from paystubs should be annualized
  - Average vs. year-to-date
  - Industry practice is to take an average of pay stubs
- PHA practice should be consistent regardless of what method is used

## **Example**

- PHA policy calls for 4 pay stubs
  - Paystub 1: \$725.80 for May 1
  - Paystub 2: \$799.93 for May 15
  - Paystub 3: \$730.48 for June 1
  - Paystub 4: \$767.92 for June 15
- What is the annual income?

## **Example**

- Step 1: \$725.80 + \$799.93 + \$730.48 + \$767.92 = \$3,024.13
- Step 2: \$3,024.13 ÷ 4 pay stubs = \$756.03
- Pay is semi-monthly (1st and the 15th)
- Step 3: \$756.03 x 24 = \$18,144.72
- Step 4: \$18,144.72 rounds to \$18,145

## **Seasonal Employment**

## **Seasonal Employment**

- Some occupations regularly work less than 12 months per year
  - School employees
  - Agricultural workers
  - Construction trades

57

## **Seasonal Employment**

- Earnings of seasonal workers or day laborers are included in annual income
- Even if the source, date, or amount of income varies

58

### **Definition: Seasonal Worker**

- An individual who is hired into a short-term position (e.g., for which the customary employment period for the position is 6 months or fewer); and
- The employment begins about the same time each year (such as summer or winter)
- Typically, the individual is hired to address seasonal demands that arise for the particular employer or industry

#### **Seasonal Work**

- Some examples of seasonal work include employment limited to holidays or agricultural seasons
- Seasonal work may include but is not limited to employment as a lifeguard, ballpark vendor, or snowplow driver

D	ac	۵۱	2	n
_	-11		_	

Delilling Labore	inition: Day Labor	rei
------------------	--------------------	-----

 An individual hired and paid one day at a time without an agreement that the individual will be hired or work again in the future

# Projecting Income from Seasonal Employment

 Annualizing income from seasonal employment at new admission or interim can be challenging since it may not be possible to project income for the upcoming 12-month period

# Projecting Income from Seasonal Employment

PHA may gather income from all sources over a specific time frame, average over that time frame, and then annualize over a full year

# Projecting Income from Seasonal Employment

- If it is not feasible to anticipate a level of income over a 12-month period
- Or the PHA believes that past income is the best available indicator of expected future income
- The PHA may annualize the income anticipated for a shorter period
  - Subject to redetermination at the end of the shorter period

# Example 1: Seasonal Employment

- Maggie Price is an applicant
- She is currently a tile setter earning \$1,200 per month

- For the last 3 years, she worked for 8 months during the construction season
- For the rest of the year (4 months) she worked part-time earning \$500 per month

## Example 1: Seasonal Employment

 Based on her current paystubs and her tax information, the PHA performs the following calculation:

\$1,200 x 8 months = \$9,600 + \$500 x 4 months = \$2,000 \$11,600 annual

I		

# Example 2: Seasonal Employment

- Derrick Jones is a new admission
- He is a house painter
- He works from April to September. He does not work in rain or windstorms.
- He does not receive pay stubs. The PHA contacts his employer who says over the last 3 years:
  - He worked on average 30 hours/week
  - He currently makes \$12/hour

Example 2: Seasonal Employment\_\_\_\_

- The PHA uses past income as the best available indicator of expected future income
- The PHA uses the average number of hours he's worked over the last three years multiplied by his current rate of pay

**Self-Employment** 

nmo

## **Self-Employment**

- Annual income include net income from the operation of a business or through self-employment
  - Net income is gross income minus business expenses that allows the business to operate
    - May deduct depreciation (straight-line), interest payments on loans, and all expenses other than those for expansion or capital improvements

### **Example**

- A self-employed house painter owns a truck he uses for his business as well as several ladders, buckets, and spray guns
- He also purchases rollers and hand brushes each time he is hired to do a job

## **Example**

The painter may deduct the depreciation on his truck and ladders as well as the cost of the paint, paint thinner, disposable rollers and paint brushes he purchases throughout the year

## **Self-Employment**

- Any withdrawal of cash or assets from the operation of a business or profession will be included in income
  - Except to the extent the withdrawal is reimbursement of cash or assets invested in the operation by the family

73

## **Example**

- Donna Edwards is starting a new business as a dog walker.
   She is using \$500 of her own money to purchase leashes, dog treats, and to print fliers and advertise
- After several months, she withdraws \$500 from the business as a reimbursement of her initial investment

## **Example**

 The \$500 is not considered income since it is a reimbursement of her own investment

### **Self-Employment**

- If net income from a business is negative, no income is included in annual income
  - Example: Martin West is HOH
  - He earns \$35,000 per year wages
  - His spouse Amanda is self-employed
  - She has negative business income of -\$1,500
  - Amanda's loss does not offset Martin's wages

76

### **Independent Contractors**

- Income received as an independent contractor is included in annual income
  - Even if the source, date, or amount of the income varies
  - Considered self-employed

#### **Definition**

- An individual who qualifies as an independent contractor instead of an employee in accordance with the Internal Revenue Code Federal income tax requirements and whose earnings are consequently subject to the Self-Employment Tax
- In general, an individual is an independent contractor if the payer has the right to control or direct only the result of the work and not what will be done and how it will be done

Page	26

# Example: Independent Contractor

- Amanda Allen drives for Uber
- She files a 1099
- She is considered selfemployed
- Whether she works full-time or part-time, her net income is included in annual income, even if her hours and pay vary

# Earned Income Disallowance (EID)

### **Earned Income Disallowance (EID)**

- HOTMA removed the statutory authority for the EID
- Families continue to qualify through 12/31/2023
  - These families continue to receive the EID under current regulations
  - Full 24 months of exclusion

### **Earned Income Disallowance (EID)**

- As of 1/1/2024, no new families qualify
- The EID fully sunsets December 31, 2025

## **Example**

- Brad Green gets a new job on 11/12/23 and qualifies for the EID
- Per PHA policy, the PHA starts his EID clock on 12/1/23
- Brad is entitled to the full 24-months of EID
- His EID ends 12/1/25

### **Other Earned Income**

nmo

## **Military Pay**

- Count all regular pay, special pay, and allowances of member in armed forces
- Do not count special duty pay received for being exposed to hostile fire

### **Student Loans**

 Exclude the net amount disbursed by a lender to or on behalf of a borrower under the terms of a loan agreement received by the family or a third party

## **Educational Savings Accounts**

 Any amount in or from, or any benefits, income, or distributions from, any Coverdell educational savings account or any qualified tuition program under IRS sections 529 and 530 is excluded from income

### **Student Financial Assistance**

#### **Pre-HOTMA Section 8 Student Rule**

- In 2005, Congress imposed restrictions on housing assistance to college students in Section 8 programs only
  - HCV
  - PBV
  - PBRA
- Does not apply to public housing

Р	'ag	е	3(	U

#### **Pre-HOTMA Section 8 Student Rule**

- The Section 8 student rule has two parts:
  - Determining if the student is eligible for the program
    - This still applies post-HOTMA
  - Calculating student financial assistance
    - This may or may not apply post-HOTMA

#### **Pre-HOTMA Section 8 Student Rule**

- Financial aid exceeding amounts received for tuition/required fees is included in annual income
  - Exclude financial aid paid to a student over the age of 23 with dependent children is excluded
  - Exclude if student lives with their parents

### What's changed under HOTMA?

- The Higher Educating Act requires that all assistance under Title IV of the HEA and Bureau of Indian Affairs student financial assistance be excluded
- However, for over 10 years, HUD appropriations have included the Section 8 student rule
- For any funds from a year where HUD's appropriations acts include this limitation, it applies

### What changed under HOTMA?

- For any funds from a year where HUD's appropriations act includes the Section 8 student rule, it applies, and the PHA will follow the pre-HOTMA rule
- During years in which HUD's appropriations act does not contain the student rule, then the determination of student financial assistance defaults to the HOTMA rule

# Student Financial Assistance under HOTMA

- HOTMA changed the rules on student financial assistance
- Creates two categories of student financial assistance

nma

# Two Types of Student Financial Assistance

Assistance under section 479B of the Higher Education Act of 1965

• Title IV of the HEA

Other student financial assistance

### Title IV of the HEA

Must be excluded from the family's annual income

### **Examples** of Title IV

- Pell Grants
- Teach Grants
- Federal Work Study **Programs**
- Federal Perkins Loans
- Income earned in employment and training programs under section 134 of the Workforce **Innovation and Opportunity** Act (WIOA) (starting 1/1/24)
- Bureau of Indian Affairs/Education student assistance progra

## **Other Student Financial Assistance**

- Any other grant-in-aid, scholarship, or other assistance amounts
- For the actual covered costs charged by the institute of higher education
- Not otherwise excluded by the Federally mandated income exclusions (i.e., Title IV of the HEA)

### **Definition: Actual Covered Costs**

- The actual costs of:
  - Tuition, books, and supplies
    - Including supplies and equipment to support students with learning disabilities or other disabilities
  - Room and board
  - Other fees required and charged to a student by the educational institution

### **Definition: Actual Covered Costs**

- And, for a student who is not the head of household or spouse/cohead, include:
  - The reasonable and actual costs of housing
  - While attending the institution of higher education
  - And not residing in an assisted unit

### **Student Financial Assistance**

- To qualify, assistance must be expressly:
  - For tuition, book, supplies, room and board, or other fees required and charged to the student by the educational institution;
  - To assist a student with costs of higher education; or
  - To assist a student who is not the head of household or spouse with the reasonable and actual costs of housing while attending the education institution and not residing in an assisted unit.

	tes,	Inc.	Page 3	34
--	------	------	--------	----

# Types of Student Financial Assistance

- Must be a grant/scholarship received from:
  - The Federal government
  - A State, Tribal, or local government
  - A private foundation registered as a nonprofit
  - A business entity
  - An institution of higher education

### **Student Financial Assistance**

- Does not include:
  - Financial support provided to the student in the form of a fee for services performed
  - Gifts, including gifts from family or friends

### **Student Financial Assistance**

- Applies to both full-time and part-time students
- May be paid directly to the student or to the educational institution on the student's behalf

Da	an	25	
	1	.7:1	

### What does this mean?

- The amount of student financial assistance that helps the student with their actual educational expenses is not included in annual income
- Anything over that amount, may be included

### What does this mean?

- PHA needs to verify:
  - How much is the student's financial assistance?
  - Is any of the assistance coming from a source under Title IV of the HEA?
  - What are their actual covered costs to attend school?

## **Example 1: HEA Assistance Only**

- If a student only receives financial assistance under Title IV of the HEA and does not receive any other student financial assistance
  - Exclude the full amount of the assistance received under Title IV
  - No need to calculate actual covered costs

## **Example 2: Other Assistance Only**

- If the student does not receive any assistance under Title IV of the HEA but does receive assistance from another source:
  - 1) Calculate actual covered costs
  - 2) Subtract the total amount of the student's financial assistance from the student's actual covered costs
  - Include any amount of financial assistance in excess of the student's actual covered costs

# Actual covered costs: \$20,000 Title IV HEA assistance: \$0 Other student financial assistance: \$25,000 \$25,000 in financial assistance - \$20,000 in actual covered costs Included income: \$5,000

## **Example 3: Both**

- When a student receives assistance from both Title IV of the HEA and from other sources:
  - Calculate the actual covered costs
  - Assistance received under Title IV of the HEA is applied to the student's actual covered costs first
  - Then apply the other student financial assistance to any remaining actual covered costs

## **Example 3: Both**

 If the amount of assistance excluded under Title IV of the HEA equals or exceeds the actual covered costs, none of the student financial assistance is excluded from income

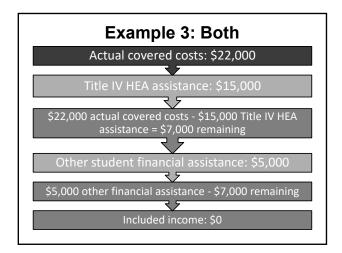

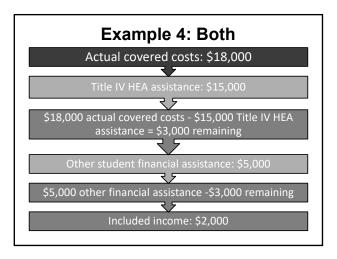

# Example 3: Both Actual covered costs: \$25,000 Title IV HEA assistance: \$26,000 Other student financial assistance: \$5,000 Exclude the entire Title IV HEA assistance Included income: \$5,000 in other financial assistance

## **Example 3: Both**

If the amount of assistance excluded under Title IV of the HEA is less than the actual covered costs, exclude the amount of other student financial assistance up to the amount of the remaining actual covered costs

Learning Activity 2-2  Calculating Student Income	
nmo	
Scenario1  Herschel Kratz (age 52) is head of household. He goes to school full-time at a community college. He receives a Pell Grant in the amount of \$8,000 per school year. This is his only financial assistance. The PHA verifies	

## Scenario 2

his actual covered costs to attend school are \$1,200. Herschel also works part-time earning \$20,000 per year. What is his annual income?

• Marge Button (age 25) lives with her parents. She is a full-time student. She receives a scholarship from a local nonprofit group of \$1,000 per school year. This is the only student financial assistance she receives. The PHA verifies her actual covered costs to attend school are \$35,000 per year. She works parttime and earns \$9,000 per year. What is her annual income?

## Scenario 3

■ Homer Samuels (age 21) lives with his parents. He attends school part-time. He works part-time earning \$15,000 per year. He has a student loan for the school year of \$25,000. He receives a scholarship from a business of \$10,000 per school year. This is the only student financial assistance he receives. The PHA verifies his actual covered costs to attend school are \$8,000 per year. What is his annual income?

## Scenario 4

Ned Flannigan (age 22) lives with his parents. He attends school full-time. He receives an athletic scholarship from his school of \$50,000 per year. His actual covered costs to attend school are \$30,000 per year. He is in a Federal Work-Study program where he earns \$10,000 per school year working part-time. What is his annual income?

Periodic	<b>Payments</b>
----------	-----------------

# nmo

## **Periodic Payments**

- Periodic payments are income sources received on a regular basis
  - Weekly, monthly, or yearly
  - For example, payments from Social Security, SSI, annuities, pensions, disability, death benefits
- They are typically included in annual income

# Lump Sum Payments Counted as Income

- Generally, lump sums received by the family are not considered income since they are nonrecurring
- However, lump sums caused by delays in processing periodic payments (such as welfare and unemployment) are included in annual income

## **Example: Lump Sum**

- Beverly Boone lost her job on Oct 19th and applied for unemployment
- On 12/6 she begins receiving regular payments of \$200 per week from unemployment
- She also gets a \$900 lump sum to cover the period from 10/19 to 12/5

## **Example: Lump Sum**

 The lump sum for the delayed start of unemployment benefits is included in her annual income as well as her weekly unemployment benefit amount

## nmo

# Exception: Certain Deferred Periodic Payments

 Deferred periodic amounts from SSI and SS benefits or any deferred VA disability benefits that are received in a lump sum amount or in prospective monthly amounts are excluded from annual income

# Example: Excluded Deferred Payment

- Amanda Martinez applied for SSI two years ago
- When it was awarded, she received a one-time lump sum payment for \$8,000
- She also started receiving gross monthly SSI payments of \$500

# Example: Excluded Deferred Payment

- Include the gross amount of Wanda's monthly SSI
  - **\$500 x 12 = \$6,000**
- Exclude the full amount of the lump sum
  - The lump sum may be an asset
  - More on this later

## **Social Security**

- Include gross Social Security income prior to the Medicare deduction
  - Example:
    - SS payment is \$800 per month
      - \$174.70 subtracted for Medicare premium
    - Count \$800 per month as income

# Reduction in Social Security Benefits

- If benefits reduced to make up for prior overpayments by SSA, include amount provided
  - Not amount that would have been provided if no error had been made

133

## **SS Garnishments**

 NMA asked HUD about SS garnishments (for example, for back taxes or student loan debt)

Response

Under the final rule, annual income includes all omounts received, not the omount of family may be legally entitled to receive. To that end, the PHA would calculate the amount the family anticipates receiving after the garnishment. Additionally, the family must report income charges once the garnishment is no longer in place.

■ This is a change from previous HUD guidance

## **Example: SS Reduction**

- Social security overpaid benefits for the past 6 months
  - Should have received \$1,100 per month
  - Family instead received \$1,200 per month
- SSA adjusts payment to recoup overpayment
  - \$1,000 per month for the next 6 months
- For the next sixth months, use the lower amount

_			
_

## **Applying the COLA**

- COLA announced annually in October
- Effective the day after SSA announces the COLA, the PHA must factor in COLA (if any)
  - For all annuals and interims that have not yet been completed and
  - Are effective January 1 or later of the following year

## **Example: Applying the COLA**

- EIV shows Edward is currently receiving \$500 a month in SS
- The PHA is processing his annual in November which will be effective 2/1
- **COLA announced 10/13: 3.6%** 
  - **\$500 x 3.6% = \$18**
  - \$518 x 12 = \$6,216 effective 2/1

## **Retirement Accounts**

 Any distribution of periodic payments from retirement accounts is income at the time it is received by the family

## **Retirement Accounts**

- Previous guidance from HUD stated that the PHA would not include amounts withdrawn that are a reimbursement of the family's own investment
- This is no longer the case
- The PHA does not consider the family's investment and counts all periodic payments from retirement accounts

## **Alimony and Child Support**

- Annual income includes "all amounts received," not the amount that a family may be legally entitled to receive but which they do not receive
  - For example, a family's child-support or alimony income must be based on payments received, not the amounts to which the family is entitled by court or agency orders

# cmn

**Nonrecurring Income** 

nma

## **Definition: Nonrecurring Income**

Income that has a discrete end date and will not be repeated beyond the coming year during the family's next annual reexam period is excluded as nonrecurring

## Periodic Payments vs Nonrecurring Income

- However, this does not include unemployment income and other types of periodic payments if they are:
  - Received at regular intervals
  - For a period of greater than one year
  - And can be extended

# **Self-Certification of Nonrecurring Income**

 The PHA may accept a self-certification from the family stating that income will not be repeated in the coming year

## **Example: Nonrecurring Income**

- The Watts family is a new admission
- They receive income from a guaranteed income program in their city
- The payments will end 6 months after the family is admitted to the program

## **Example: Nonrecurring Income**

 While the guaranteed income will be repeated in the coming year, it will end before the family's next annual

The income is fully excluded

## **Example: Regular Income**

- In February, the PHA is conducting an annual for Lillian Gonzalez, effective 5/1/24
- She states she receives monthly payments for participation in a research project that is expected to last for 18 months and will end on 9/30/25 the following year

## **Example: Recurring Income**

 The PHA includes this as income because the amounts will be received through the next annual reexam

# nmo

## **Example: Recurring Income**

- For the 5/1/25 annual reexam, Lilian provides a letter stating that the income will end on 9/30/25
- The PHA will exclude the income received after the 5/1/25 annual reexam

# Insurance Payments and Settlements

- The regulations state to exclude insurance payments and settlements for personal or property losses
  - Including but not limited to payments under health insurance, motor vehicle insurance, and workers' compensation

# Insurance Payments and Settlements

However, periodic payments paid at regular intervals (such as weekly, monthly, or yearly) for a period of greater than one year that are received in lieu of wages for workers' compensation are included in annual income

## What does this mean?

- Excluded
  - Payments received in lieu of wages for workers' compensation, even if paid in periodic payments, that will last for a period of less than one year
- Included
  - Workers' compensation paid at regular intervals for a period of greater than one year

## **Example: Workers' Comp**

- Heather Cooper was injured in a work accident
- At her annual she states she is receiving worker's compensation equal to her salary paid in biweekly installments for a period of 8 months
- The amount is excluded

## **Nonrecurring Income**

- Income excluded as nonrecurring includes:
  - Nonrecurring payments made to the family or to a thirdparty on behalf of the family to assist with utilities;
  - Payments for eviction prevention;
  - Security deposits to secure housing;
  - Payments for participation in research studies (depending on the duration); and
  - General one-time payments received by or on behalf of the family

## **Nonrecurring Income**

- Income excluded as nonrecurring includes:
  - Payments from the U.S. Census Bureau for employment lasting no longer than 180 days
  - Direct federal or state payments for economic stimulus or recovery
  - State or federal refundable tax credits or tax refunds
  - Gifts for holidays, birthdays, or other significant life events or milestones

## **Nonrecurring Income**

 Lump-sum additions to net family assets, including but not limited to lottery or other contest winnings

May be counted as an asset

F	رود	ne	52
Г	a	ue	IJΖ

## **Example: Lottery Winnings**

- Trevor Lucky bought 10 lottery tickets
- One of the tickets won him \$1,000
- The winnings are a onetime, lump-sum and are not included in annual income

## **Example: One-Time Lump Sum**

- Logan fundraises \$5,000 online to help pay for personal expenses
- The PHA verified with Logan that this was a one-time solicitation for donations of cash and that Logan does not intend for this to be a recurring source of income

## **Example: One-Time Lump Sum**

 The \$5,000 is a one-time, lump sum and should not be included in his annual income calculation

nmo

## **Example: One-Time Lump Sum**

- At his next annual, the PHA verifies Logan solicited for donations online a second time and raised an additional \$4,500
- Logan certified that he does not intend for this to be a recurring source of income, but, because the PHA can establish a pattern, the \$4,500 is not considered a lump-sum and should be included in the annual income calculation

## **In-Kind Donations**

- Non-monetary, in-kind donations, such as food, clothing, or toiletries, received from a food bank or similar organization are excluded
  - Whether they are recurring or non-recurring
- Non-recurring, non-monetary in-kind donations from friends and family are excluded
  - Because they are non-recurring income

## Regular Income

- Provided they do not meet the definition of non-recurring, the PHA includes regular contributions (cash or noncash) provided on a regular basis (recurring)
  - May include rent and utility payments paid on behalf of the family

D.	20	۵۱	51
			: 14

## **Example: Non-Monetary, In-Kind Donation**

- Jonas Crandall receives a basket weekly from the local food bank that includes both food and toiletries
- This is an in-kind donation from the local food bank
- The PHA must not include the basket items in annual income

## **Example: Regular Income**

- Holly Hawes lives alone
- Her father does not live in her unit
- On average, he gives her \$100 each month to pay her utility bills
- Holly self-certifies that he has been paying her utility bills for the last 2 years and will continue to pay them in the upcoming year
- The \$100 per month is income

**Zero Income Reviews** 

## **Zero Income Review**

- Optional and not required by HUD
- Performed by the PHA for families who claim they do not receive income from any source, including from assets
- PHA requests that the family completes and signs a worksheet explaining how they pay for household expenses

## **Zero Income Review**

 Remember, the PHAs must not assign monetary value to nonmonetary in-kind donations from a food bank or similar organization received by the family

### **Zero Income Review**

- PHAs may only conduct interims in accordance with the regulations and PHA policies
- Families who begin receiving income which does not trigger an interim should not be considered zero income
  - Even though the family's income is not reflected on 50058

Periodic Payments and Nonrecurring Income

## Scenario 1

Stan Marshall (age 63) is head of household. He collects \$900 per month in Social Security, although \$178 is taken out for the Medicare premium. His daughter Wendy (age 32) and his grandson Eric (age 3) live with him. Wendy is entitled to collect \$300 per month in child support for her son Eric. However, the PHA verifies that she only collects an average of \$150 per month. This is her only source of income. What is the family's annual income?

## **Learning Activity 2-3 Answers**

Scenario 1: Marshall family
 Stan: \$900 x 12 = \$10,800
 Wendy: \$150 x 12 = \$1,800
 Annual income: \$12,600

## Scenario 2

Paul Frink (age 42) is head household. He was recently injured on the job. At his 3/1 annual, he states he collects \$1,500 per month workers' compensation. This will last for six months after the effective date of his annual. He also states that he receives food from a local food pantry every Friday. What is his annual income?

## **Learning Activity 2-3 Answers**

- Scenario 2: Paul Frink
  - \$0. Both the workers' comp and the food from the food pantry are excluded

## Scenario 3

Wayland Burns (age 39) is head of household. He claims that he is zero income. When the PHA asks how he pays his expenses, he says he won the lottery last year and received a \$10,000 lump sum. He is living off the money. What is his annual income?

## **Learning Activity 2-3 Answers**

- Scenario 3: Wayland Burns
  - \$0. The lottery winning are a one-time lump sum and are not income.

## Scenario 4

■ Edna Kerr (age 63) and her husband Seymour (age 64) both receive Social Security benefits. She receives \$900 per month, but she was just informed the SSA overpaid her benefits for the last two years so she will only be receiving \$800 a month for the next year. Seymour's gross benefit amount is \$1,000 but he has \$200 per month taken out for a garnishment for back child support. What is their income?

## **Learning Activity 2-3 Answers**

- Scenario 4: Kerr family
  - Edna: \$800 x 12 = \$9,600
  - Seymour: \$800 x 12 = \$9,600
  - **\$19,200**

## **Public Assistance**

- Include in annual income:
  - Temporary Assistance for Needy Families
  - SSI
  - General Assistance

179

# Public Assistance in As-Paid States

- Income regulations no longer include a reference to welfare assistance in as-paid states
  - New York, New Hampshire, and Vermont
- However, TTP regulations still state to consider welfare rent when calculating family's TTP

# Rules for Certain Welfare Agency Sanctions

- Families who receive welfare benefits must participate in welfare's economic selfsufficiency program to receive benefits
- When family has not complied with certain requirements of the welfare agency, the family's benefits may be sanctioned – reduced

		n		
1			ш	. )

## **Welfare Agency Sanctions**

- When the welfare agency imposes a sanction that reduces a family's welfare income because
  - The family commits welfare fraud, or
  - Fails to comply with welfare's economic selfsufficiency program or work activities requirement

## **Welfare Agency Sanctions**

- The PHA
  - Must not reduce the family's rent, even though the welfare benefit income has been reduced
  - Must include in annual income an "imputed" welfare income
    - "Imputed welfare" the amount family would have received if not for the welfare sanction

	Ш	Ш	

# Specified Welfare Benefit Reduction

- Not applicable if welfare reduction is
  - Result of expiration of a time limit on receiving benefits
  - Family has complied with requirements but can't find a job
  - Due to noncompliance with other welfare agency requirements

184

# Verification of Welfare Benefit Reduction

- Welfare agency, at request of PHA, will inform PHA of
  - Amount and term of welfare benefit reduction for family
  - Reason for reduction
  - Subsequent changes in term or amount of reduction

185

## **Imputed Welfare Income**

- PHA will include imputed welfare income in annual income determination
- A family is receiving \$600/mo TANF benefits
  - Benefits stop due to welfare fraud
    - Imputed welfare income = \$600

nm:

D۵	aρ	62

## **Imputed Welfare Income**

 Imputed welfare income is offset (reduced) by additional (new) income from other sources starting after sanction is imposed

ADDITIONAL INCOME

## Imputed Welfare Income

- A family is receiving \$600/mo TANF benefits
- Benefits stop due to welfare fraud
  - Imputed welfare income = \$600

  - Imputed welfare income = \$300
  - Total 50058 monthly income = \$600

## **Review of PHA Decision**

- Family must be assisted at the time of the sanction
- Family may request an informal hearing to review determination of imputed welfare income amount

191

# Health and Medical Care Reimbursements

 Exclude amounts received by the family that are specifically for, or in reimbursement of, the cost of health and medical care expenses for any family member

## Aid and Attendance to Veterans

- Payments related to aid and attendance to veterans in need of regular aid and attendance are excluded
  - Program through the VA used to offset the cost of long-term care
- Exclusion applies only to veterans and not to other beneficiaries of the payments, such as a surviving spouse

## **Home-Based Care Payments**

- Exclude payments made by or authorized by a state Medicaid agency (including through a managed care entity) or other state or federal agency
- To a family to enable a family member who has a disability to reside in the family's assisted unit

Pa	aρ	65
	$\alpha$	();)

## **Home-Based Care Payments**

 Payments may include payments to a member of the assisted family to enable them to care for another family member who is disabled so that person may remain in the assisted unit

## **Home-Based Care Payments**

- The old 24 CFR 5.609(c)(16) excluded:
  - Amounts paid by a State agency to a family with a member who had a developmental disability
  - And is living at home
  - To offset the cost of services and equipment needed to keep the developmentally disabled family member at home

## What's different?

- Payments no longer need to offset the cost of services or equipment
- Covers all payments by state Medicaid-managed care system, other state agency, or authorized entity not just a state agency
- Applies to any family member with a disability, not just a developmental disability

## **Home-Based Care Payments**

- Exclusion only applies to payments to the family member for caregiving services for another member of the assisted family residing in the unit
- Payments to the family member for caregiving services for someone who is not a member of the assisted family (such as for a relative that resides elsewhere) are not excluded from income

# cmn

# Example: Home-Based Care Payments

- Sally lives in a unit with her mother Barbara who is disabled and needs care services
- Barbara wishes to remain in the unit
- Sally is providing care services for her mom and gets direct payments from the state Medicaid agency

# Example: Home-Based Care Payments

 Amounts paid directly to Sally by the state Medicaid agency are excluded

## **Civil Action Settlements**

 Exclude any amounts recovered in any civil action or settlement based on a claim of malpractice, negligence, or other breach of duty owed to a family member arising out of law, which resulted in a member of the family becoming disabled

## "Baby Bond" Accounts

 Income earned by government contributions to, and distributions from "baby bond" accounts created, authorized, or funded by federal, state, or local government is excluded

- Currently no federal program
- Some states have programs

## Plan for Achieving Self-Sufficiency (PASS)

- Exclude PASS income
  - SSI recipients training program
  - Disregarded while SSI disregards it

nma

## Publicly Assisted Programs

 Exclude amounts specifically for reimbursement of out-of-pocket expenses to allow participation in a specific program

## **Resident Service Stipends**
