## PH PROGRAM NEWS

### CY 2022 Operating Fund Inventory Validation Deadline Extended Until Today

In an [email](#) to executive directors yesterday via HUD's Financial Management Division (FMD) [mailing list](#), HUD's Office of Public and Indian Housing ([PIH](#)) announced that it has extended the deadline for PHAs to contact their local field office with corrections to their inventory of public housing developments eligible for operating fund (OpFund) grants for the 2022 funding year. This includes projects that should be added to the inventory because the projects are eligible for operating funds in 2022 and projects that should be removed from the inventory because the projects are not eligible for operating funds in 2022. PHAs must contact their local field office by **today, January 11, 2022**.

According to the announcement, the previous emails contained incorrect instructions to find the PHA's inventory of public housing developments eligible for OpFund grants in the [OpFund web portal](#). Yesterday's email includes the correct instructions. Additional information related to CY 2022 OpFund processing can be found on the [2022 operating fund grant processing page](#) at the [operating fund website](#).

## GENERAL NEWS

### PD&R Posts List of Areas Where FY 2022 FMRs Become Effective

HUD's Office of Policy Development and Research ([PD&R](#)) has posted on its [FMR page](#) a [list of areas](#) in which fiscal year (FY) 2022 fair market rents (FMRs) became effective on January 10, 2022. HUD described the methodology for PHAs and other interested parties to request reevaluation of the FY 2022 FMRs in the August 6 FMR [notice](#). The areas listed in the document did not submit additional data suitable for revaluation and may no longer use FY 2021 FMRs.
