CY 2023 Operating Fund Inventory Validation Due Today

In an [email](#) today via HUD's Financial Management Division (FMD) [mailing list](#), HUD's Office of Public and Indian Housing (PIH) reminded PHAs that they must contact their local field office by **today November 30, 2022**, with corrections to their inventory of public housing developments eligible for operating fund grants for the 2023 funding year. This includes projects that should be added to the inventory because the projects are eligible for operating funds in CY 2023 and projects that should be removed from the inventory because the projects are not eligible for operating funds in CY 2023. HUD published the inventory of public housing developments eligible for operating funds grants for the 2023 funding year in the [OpFund web portal](#). HUD will deploy the operating funds tools for the forms HUD-52723 and HUD-52722 based on the inventory.

Additional information related to CY 2023 operating funds processing can be found on the [2023 operating fund grant processing page](#) at the [operating fund website](#).
