52723/52722 Online Submission Module Now Open in OpFund Web Portal

In an [email](#) today via the Financial Management Division (FMD) [mailing list](#), HUD's Office of Public and Indian Housing (PIH) announced that the PHA forms HUD-52723/52722 submission module is now open, nearly two weeks before the published deployment date.

As you know, PIH completely transitioned the Excel tools for the forms HUD-52723 and HUD-52722 to web-based forms in the [operating fund web portal](#). PHAs may complete and submit their forms for field office review. According to the announcement, while the module is open early, PHAs still have until **March 8, 2023**, to submit their forms. PIH recommends that PHAs submit them early to avoid system availability issues due to several users logged into the OpFund web portal at the same time. The email includes a [guide](#) on the 52723/52722 submission module, links to training videos, and important OpFund dates.

The new online submission module replaces the Excel tools for the forms and introduces new enhancements for PHAs. Some of the enhancements include the ability to review three-year historical data from past forms and the ability to upload supporting documents as PHAs complete their forms.
