PIH Posts Explanation of May and June Obligations

HUD's Office of Public and Indian Housing (PIH) has [posted](#) a [document](#) explaining public housing operating fund obligations for May and June 2022. According to the document, May and June obligations are based on the interim eligibility determined after processing the 2022 operating subsidy forms. All operating subsidy obligations are cumulative, meaning that public housing projects are provided funding in the amount of six twelfths of prorated eligibility.

For the May and June funding, the Department considered 2022 interim eligibility to provide an interim proration level of approximately 104.08%. The final proration will reflect the difference in the amount of the actual eligibility for final approved PHA subsidy requests and the Appropriation Act. HUD plans to make this round of funding available through eLOCCS no later than May 2, 2022. The next round of funding is expected to be available in eLOCCS no later than July 1, 2022.

GENERAL NEWS
