PH PROGRAM NEWS

PIH Opens HUD-52723/52722 Online Submission Quality Control Module

In an [email](#) sent late Friday via HUD’s Financial Management Division (FMD) [mailing list](#), HUD’s Office of Public and Indian Housing ([PIH](#)) announced that it has opened the HUD-52723/52722 online submission Quality Control (QC) Module.

According to the email, HUD issues QC items to developments with data that exceed acceptable thresholds based on available historical/national data or if the request for funding does not meet federal regulations. HUD advises PHAs to review this [Excel workbook](#) and filter it by PHA code to find developments that require QC review for CY 2023.

PHAs respond to QC items by submitting QC submissions for HUD Field Office review in the new QC Module. It is important that your PHA addresses all QC items to ensure accurate funding eligibility to the affected developments. PHAs must collaborate with the local Field Office staff in finalizing their review of QC submission by **June 15, 2023**. Please contact your local Field Office for further guidance.

HUD is hosting a training session to review the new QC Module. It will take place tomorrow, May 31, 2023, at 1:30 p.m. Eastern time. Click [here](#) to join the meeting. The email also includes an updated version of the HUD-52723/52722 submission module [user guide](#) and a link to a HUD-52723/52722 QC submission [training video](#).

For help with your PIH Alert subscription, email [Laurie Durrett](#). For questions and comments on content, email [Olga Vélez](#). To view or post job announcements at our website, click [here](#). To view our seminar calendar, click [here](#). To read the NMA blog, click [here](#).
