## **OLHCHH Announces Healthy Homes Month**

HUD's Office of Lead Hazard Control and Healthy Homes (<u>OLHCHH</u>) has <u>announced</u> that June 2022 is National Healthy Homes Month (<u>NHHM</u>). This year's theme, "A Healthy Home @ Any Age," emphasizes how healthy homes principles are relevant to any resident, at any age, in a home of any age. Specifically, this year's National Healthy Homes Month focuses on the following:

- Increasing awareness of housing-related health hazards, lead poisoning prevention, and the overall principles of a healthy home, especially for low-income populations.
- Encouraging residents to take the actions and steps for safe and healthy homes.

HUD has posted an NHHM <u>Stakeholder Resource Guide</u> to provide state and local governments, Healthy Homes partners, and all organizations with critical materials and resources to help and encourage local implementation. You can find links to the guide and other related materials on the <u>NHHM page</u> at <u>HUD's website</u>.
