GENERAL NEWS

HUD Proposes Information Collection on Form HUD-50058

Yesterday in the *Federal Register*, the Department of Housing and Urban Development ([HUD](#)) published a [30-day notice of proposed information collection](#) titled “Family Report, MTW Family Report, MTW Expansion Family Report.” The notice is requesting public comment on proposed and additional changes to forms HUD-50058, HUD-50058 MTW, and HUD-50058 MTW Expansion.

HUD is proposing several changes to the form HUD-50058 Family Report and necessary corresponding changes to the HUD-50058 MTW and HUD-50058 MTW Expansion reports for consistency, along with a few minor revisions. The data will be used to understand demographic, family profile, income, and housing information on the entire nationwide population of tenants residing in assisted housing. The data also allows HUD to monitor the performance of programs and the performance of the PHAs that administer the programs.

On February 8, 2023, HUD published a [notice](#) that solicited public comment on the information collection for a period of 60 days. In response to public comments on the 60-day notice, HUD is proposing a few minor changes through yesterday’s notice. HUD welcomes comments on the proposed changes or additional changes that should be considered when renewing this information collection, especially relevant to burden reduction. Due date for comments is **July 7, 2023**.

PD&R Opens Competition for Healthy Homes Secretary’s Award

HUD’s Office of Policy Development and Research ([PD&R](#)) has posted a “call for nominations” for the [2023 HUD Secretary’s Award for Healthy Homes](#). The award recognizes agencies, organizations, and Tribes that improve healthy homes while advancing affordable housing, strengthening environmental justice, and addressing climate resilience. The award acknowledges innovative approaches, best practices, policies, research, and community engagement that make significant contributions to reduce exposure to health risks, environmental hazards, and substandard housing, especially for underserved communities.

An important factor of the 2023 competition is that the awardee must clearly demonstrate that the project or program has had extraordinary impact in their locality and is replicable to other localities. Nominations should show the success of innovative solutions, with quantifiable health, economic, and/or societal outcomes. In 2023, the award will be presented to a single organization or group who best exemplifies the holistic approach required to create a healthy homes culture.

The deadline for submission of online nominations is **July 19, 2020**. Detailed information can be found [here](#).
