

PIH Rescinds HIP Implementation Notice

- Ensuring that HUD's programs do not experience interruptions or potential delays that could affect families
- Requests from PHAs and industry groups citing lack of readiness on the part of PHAs, their software vendors, and HUD
- PHA software vendors encountering technical issues in the initial testing phase of the 2020 version of the HUD-50058 forms and the need to resolve these issues prior to transitioning

Notice Delaying Implementation of NSPIRE-V Published in *Federal Register*

As you recall from the [letter](#) dated June 14, HUD has delayed the compliance date to provide PHAs with additional time to train staff and communicate with landlords, and to give itself more time to provide additional technical resources. Still, HUD encourages any PHA that is ready to implement NSPIRE to do so at their earliest convenience. PHAs who will implement NSPIRE prior to the new compliance date of October 1, 2025, must notify HUD of the date they plan to transition to NSPIRE.
