PIH Publishes 2024 Admin Fee Guidance

Today in the *Federal Register*, HUD's Office of Public and Indian Housing ([PIH](#)) published a [guidance document](#) for the 2024 voucher program administrative fee rates. The notice follows the May 30 release of the [2024 administrative fee tables](#).

Today's notice describes the two fee rates for each PHA listed in Column A and Column B. As usual, the Column A rate applies to the first 7,200 unit months leased in calendar year (CY) 2024, and the Column B rate applies to all remaining unit months leased. However, in the case of Emergency Housing Vouchers ([EHVs](#)), PHAs are allocated the full Column A administrative fee amount for each EHV that is under HAP contract as of the first day of each month in accordance with Notice [PIH 2021-15](#). EHVs may not be reissued after September 30, 2023. As the notice also explains:

- PIH will once again follow a “hold harmless” rule. So PHAs that would otherwise have seen their fee rates go down in 2024 will receive the 2023 rates instead.
- The fee rates for each PHA are those rates covering the areas in which each PHA has the greatest proportion of its participants. A PHA with participants in more than one fee area may request that the PIH office establish a blended fee rate to proportionately consider all areas in which participants are located. Once a blended rate is established, it is used to determine the PHA's fee eligibility for all months in CY 2024. Instructions for applying and the deadline date for submitting requests are detailed in the 2024 HCV funding implementation [notice](#).
- A PHA that operates over multiple counties may request a higher administrative fee rate, if eligible. To request higher fees, a PHA must submit specific financial documents to the Financial Management Center ([FMC](#)). Documents, submission requirements, and the deadline date for submitting requests are detailed in the 2024 HCV funding implementation [notice](#).
- In addition to the voucher program, the 2024 administrative fee rates apply to the Moderate Rehabilitation program and the Mainstream program.
