HUD Posts New PH Repositioning Video

The Department of Housing and Urban Development ([HUD](#)) has added a new video to its [PHA Asset Repositioning Post-Closing How-To Video Series](#). The video, titled “[Replacement Reserve Management](#),” explains the key requirements for replacement reserve accounts with respect to deposits, withdrawals, uses of funds, and reporting. It also outlines the responsibilities project owners have to maintain replacement reserves, which are used to fund extraordinary maintenance, repair, and replacement of capital items.

The goal of the series is to explain and discuss common issues and activities that occur after repositioning. Each video will help PHAs understand their asset management and reporting responsibilities in the project-based voucher ([PBV](#)) program following repositioning actions leading to PBVs.
