PIH Publishes Inventory of Projects Eligible for Operating Fund in 2025

In another [email](#) sent yesterday via HUD’s Financial Management Division (FMD) [mailing list](#), HUD’s Office of Public and Indian Housing ([PIH](#)) announced that it has published the inventory of public housing developments eligible for operating fund grants for the CY 2025 funding year in the [Public Housing Portal](#). The email clarifies that this only applies to Public Housing PHAs not to Section 8 only PHAs.

HUD opened the HUD-52723/52722 online submission module based on the inventory in advance of the scheduled date of October 7, 2024. To accommodate this, PHAs should review their inventory and contact their local field office to identify any corrections by **September 11, 2024**. This includes projects that should be added to the inventory because the projects are eligible for operating funds in CY 2025 and projects that should be removed from the inventory because the projects are not eligible for operating funds in CY 2025.

Additional information related to CY 2025 operating fund processing can be found [here](#) at the [operating fund website](#).
